

Stand options / costs

Experienced exhibitors will be familiar with the terms, but for those companies less used to promoting their goods and services at exhibitions we provide a brief explanation of the different types of space available.

- **Space Only**
up to 45 square metres **£ 200.00 per square metre**
more than 48 square metres **£ 175.00 per square metre**

This is exactly what it means! – an area of the exhibition hall with nothing on it. Exhibitors taking Space Only will need to provide their own display material, carpeting and lighting. Of course, we can arrange any further services that may be needed – power and water supply, waste disposal, furniture, for example – but these will be at additional cost. To help exhibitors with large displays, Space Only areas in excess of 48 square metres attract discounts.

- **Shell Scheme Stand** **£ 235.00 per square metre**

Our basic shell scheme is ideal for exhibitors who wish to bring in their own equipment. Consisting of walling, carpet, fascia and name board, one 13-amp power socket and two spotlights, it provides the basic infrastructure within which exhibitors can mount their display.

- **Furniture Package Stand** **£ 270.00 per square metre**

Our Furniture Package Stand makes it extremely easy to exhibit. In addition to the facilities provided in the basic scheme, **for each 9 square metres of space booked** we also include one table, three chairs, a counter and bar stool.
